DO IT NOW AT [WWW.EMIS-SURVEY.EU](http://www.emis-survey.eu)

EMIS is the biggest sexual health survey of gay men and bisexual men in the world! It is happening across 31 European countries in 25 languages in the summer of 2010. In Ireland it incorporates the *Gay Men's Sex Survey*, also known as *Real Lives*. The survey is completely anonymous. The information you provide will help local and national groups or agencies understand your needs. Log on directly to www.emis-survey.eu or where you see the HUGE banner.

In Ireland the survey is co-ordinated by GMHS and GHN. If you have any queries call 01-6699553 or email info@ghn.ie
